Attention Contractors:

Effective Monday 12/14/20, the Warwick Sewer Authority is pleased to announce that the online permitting system using the Viewpoint Cloud system is available. Please click the link below to access the site: <https://warwickri.viewpointcloud.com/categories/1077> to begin the process.

If you do not have account, follow the prompts to set one up and once you have an account, you can use any other city or town's site that you may also do work in that uses the same system.. Please be sure to include your email address to receive notifications.

To begin the permit application, you will receive the following message:

“An application for a permit to connect to the Warwick sewer system. Please only continue this application if you are a Licensed Underground Utility Contractor or Master Plumber. Once your permit is approved and the work is ready to be performed, please contact the Warwick Sewer Authority at (401) 468-4710 to schedule an inspection. Notice must be provided one (1) business day prior to the requested date and time of the inspection. Inspections can be scheduled between the hours of 8:00 a.m. and 3:00 p.m., Monday through Friday, with the exception of Holidays. Inspections outside of these normal business hours or on holidays or weekends may be approved on a case-by-case basis and will incur additional fees”.

Please fill in as much information as you can in the permit application and once approved, you will receive an email of the approval or request for more information.

Payment options are:

- check that can be given to the inspector the day of the inspection or sent to office.
- electronic check
- credit card or debit card (with a processing fee)

As stated, inspections cannot be scheduled online and must go through the front office by calling 401-468-4710 at least 1 business day prior to the requested date and time.

If you have any questions, please call me at 401-468-4710.

Thank you
